(T) Saturn Return!

(T) Jupiter Return – the country & the economy will recover and rebuild sooner than expected

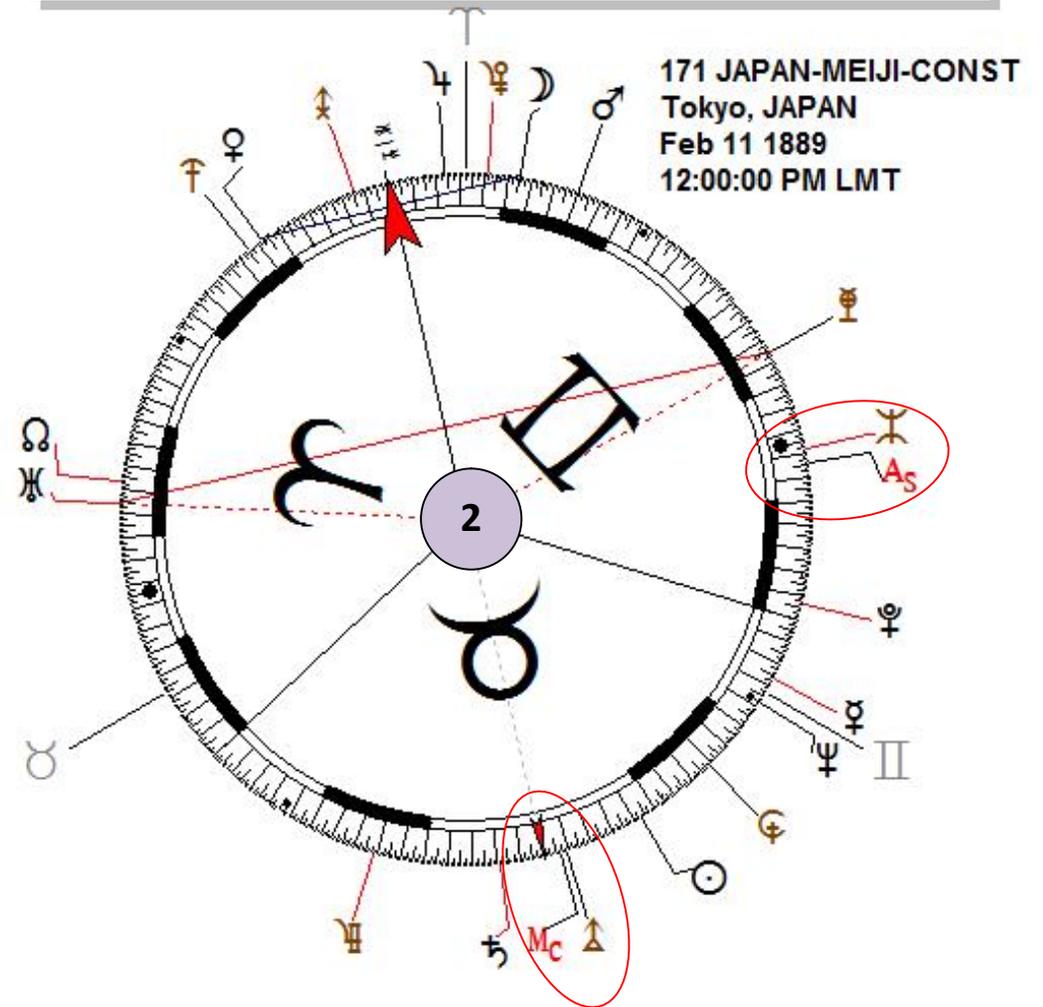

About Poseidon: Poseidon can be involved with storms and oceanic disasters (information from Michael Feist, not included in "Rules for Planetary Pictures"). Note Poseidon in the charts, connected with Uranus/Admetos which signify earthquakes.

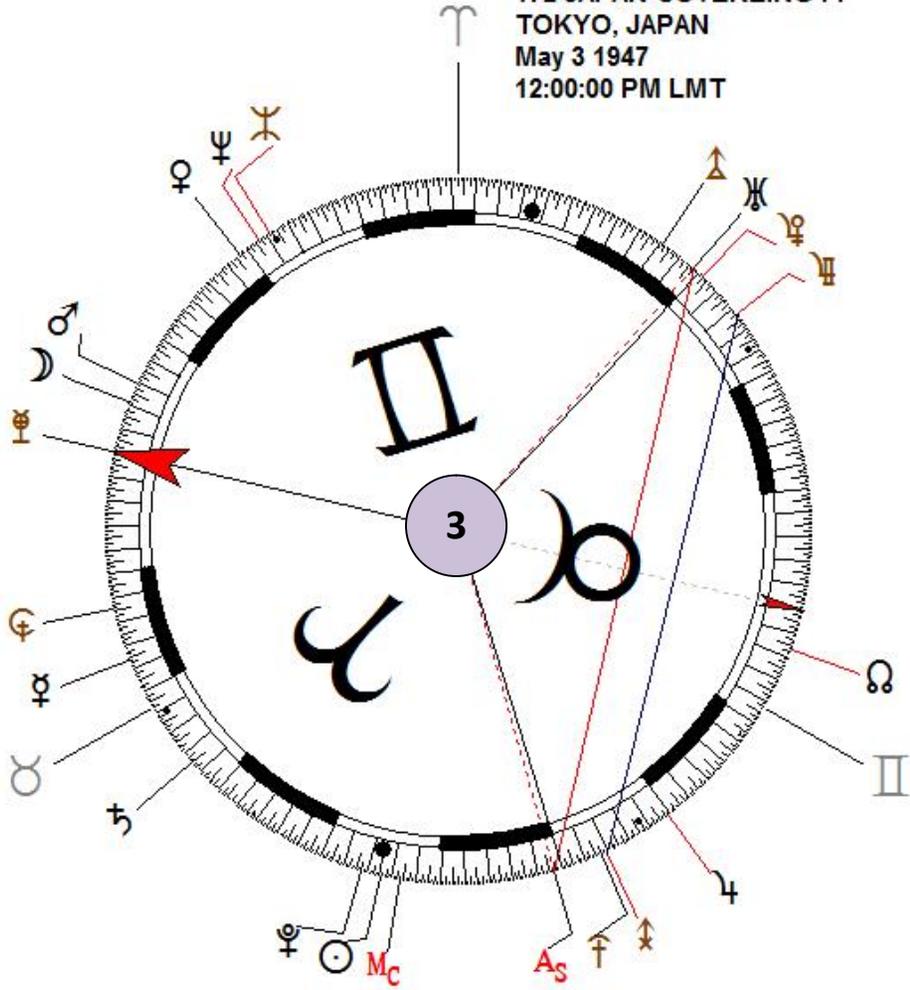

The presence of **Apollon** adds to the scope of the tsunami – "far and wide".

Vulcanus is also in the pictures – signifying the power and impact of the combined events – earthquake & tsunami.

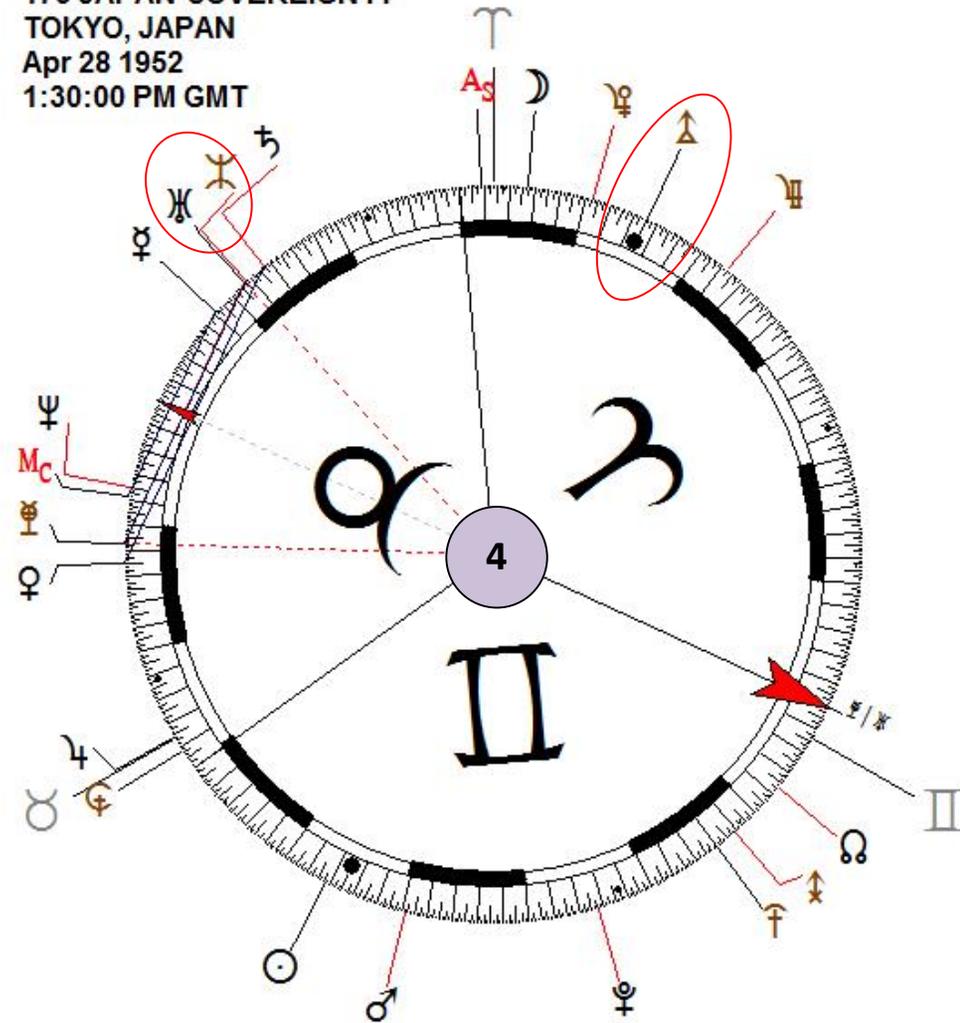

Uranus is at 0° Aries, on the World Axis = the Asc of the Earthquake (chart-1)
