Maria Kay Simms, C.A., NCGR, PMAFA (USA): “Are you a Good Witch or a Bad Witch?”

So asked Dorothy. In the “Land of Oz” that is our 8 planets, which may not really exist, there are some really bad “witches” ... or are there? Well... even old devil Hades has a few redeeming features, doesn't he? On the other hand, should we crown any of the transnepts with a halo? Let's take a look at a few charts to see how what might, at first glance, appear “bad” can really be “good,” and vice versa.

BIO: Maria, the author and illustrator of *Dial Detective*, was first exposed to astrology by a student of Charles Emerson in 1973, so it was much later before she realized that Uranian was not exactly a beginner technique.
